REMARKS

This amendment is responsive to the office action dated January 4, 2005.

Claims 1-16 were pending in the application. Claims 1-16 were allowed by the Examiner.

By way of this amendment, the Applicant has submitted replacement drawings for Figures 10, 11 and 12. The priority claim in the Specification has been amended to update the status of the priority application.

Claims 1-16 remain unchanged.

Accordingly, Claims 1-16 are currently pending.

I. OBJECTION TO SPECIFICATION:

The Examiner objected to the specification because the status of the priority application was not current. The Applicant has amended the claimed priority to include the Patent number that corresponds to the now issued priority application, Serial No. 10/315,336. Withdrawal of this objection is respectfully requested.

II. OBJECTION TO DRAWINGS:

Figs. 10, 11 and 12 were objected to. The Examiner stated that Figs. 10 and 12 were objected to for lacking reference numerals and Fig. 11 was objected to for lacking the reference numeral 12 indicating the LED. The Applicant has provided replacement sheets for Figs. 10, 11 and 12 for review by the Examiner. Should the revised figures be acceptable, the Applicant respectfully requests entry of the replacement figures into the file and withdrawal of this objection .

III. ALLOWABLE SUBJECT MATTER

The Examiner indicated that Claims 1-16 were allowed.

IV. CONCLUSION

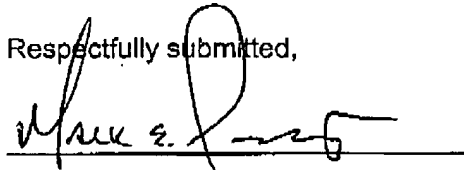

Accordingly, claims 1-16 are believed to be in condition for allowance and the application ready for issue.
